

## Call Application

**Opportunity:** Early Career Researcher

- Mobility and Knowledge Exchange -

Grants for Internships Short-term Visits at research institutes or public organisations for Early Career Researchers

Green ERA-Hub (GEH) is pleased to announce a call for applications specifically designed for Early Career Researchers (ECRs). In addition to funding research and innovation projects, fostering networking and knowledge exchange is a key objective of the GEH. Supporting ECRs plays a crucial role in enhancing these activities. This opportunity aims to provide ECRs with valuable experiences, skill enhancement, and the opportunity to expand their professional network. Through internships and short-term visits at research institutes or public organizations, ECRs will be better equipped to engage in transnational and multidisciplinary collaborations.

### Benefits of the Program:

- Gain practical experience at renowned research institutes or public organizations.
- Enhance skills and competences relevant to your research field.
- Broaden your professional network for future collaborations.
- Strengthen your readiness for transnational and multidisciplinary projects.

Successful applicants will receive financial support covering travel expenses, accommodation, and living allowances during the internship or stay.

**Application Deadline: 10th October 2023 15:00 (CEST)**

Don't miss this exceptional opportunity to enhance your research career, develop crucial skills, and establish valuable connections. Apply now to embark on a journey of knowledge exchange and professional growth!
